"In all the world to place like this
ought to be a pretty good slogan for
Bay St. Louis. It tells the truth and
fits to a nicety. The Bay City is call-
ing and many are coming. Local popu-

next few years. Natural advantages
and municipal improvements on every
side will prove a winner. Read The

LETTERS FROM THE PEOPLE

"Taxpayer and Voter" Replies to
"Voter and Taxpayer" Communication
in Last Week's Echo—Dis-
cussing Spanish Trail Route in
Hancock.

Editor Sea Coast Echo.

"Voter-Taxpayer," your logic is of

very poor quality, considering the

convenience of people you would not

be advocating the routing of the high-

way on the south side of railroad.

We all know the Spanish Trail is to

run so as to connect New York and

California with the South. Why

should one insist on those transients

making a detour in order to pass

through these three small towns,

namely, Lake Shore, Clermont and

Waveland? Did you ever con-

sider the houses on Railroad avenue?

There are about eight houses on this

avenue and some in a very dilapidated

condition. If this road is so very

rustic or scenic there is no objection

to any one traveling it, as the road

is already there open and ready for

light traffic. There is no doubt in

the world we have the palms in Wave-

land, but, "gosh," we are badly in

need of a beach. If this county was

an inch like Galveston it would not

justify us to build a road on the

south side of the railroad. Eighty

out of one hundred automobile ac-

cidents occur on railroad crossings. If

we had the money Flagler spent on

the Key Railroad, a small matter like

this would not be considered at all.

Don't you think you will have a wall

about as strong as the seawall at

Galveston to make the road perma-

nent on the south side of the rail-

road? I think so myself, and at that

rate of expenditure there would not

be a one-half enough money to com-

plete the project. I am not comment-

ing on the Board's action at all, and

will also say that I have not the

pleasure of being one of the gentle-

men of the Board of Supervisors.

Were one of them, rest assured I

would not vote for a rerouting of the

Trail. The government is helping to

finance this Trail in order to use it

for military purposes in case of emer-

gency. Under those conditions, it

would be unfair for them to go two

hundred miles out of their way with

numerous crooks and turns, and then

be compelled to view the three small

towns from a back street. Beyond

the shadow of a doubt, the present

road, with its marsh foundation,

would not last two days of heavy

travel with four-ton trucks going at

a high rate of speed which is essen-

tially on marsh. Waveland has a

progressive mayor, only he is a little

over zealous at times. Waveland must

have a breakwater, regardless of how

long it would last. That feature evi-

dently was not taken into considera-

tion when undertaking cost somewhat

\$20,000.00 and lasted less than twen-

ty months. In making an improve-

ment of this character, consider the

conditions to be met after completed

as much as possible. What cannot be

avoided must be endured, not neces-

sarily cheerfully or without resist-

ance. If you have ever been in a

hallucination if you have ever been

to Shell Beach and went over it, then

you would surely admit it will be a

fairly land, undeveloped as yet. Per-

Thanks to Public For Flowers.

The regular meeting of Clement R.

Pontemps Post, No. 139, American

Legion, was held at the Hancock

county courthouse on Tuesday, the

5th, and was from every standpoint

a most interesting one.

Commander Ackers presided. Si-

Engman, in the absence of Post Ad-

jutant Egloff, officiated in his place.

Ernest Drackett was nominated

Post historian, to succeed Gaston

Fayard, who is away and will proba-

bly remain some time.

Douglas Bourgeois was nominated

finance officer, this position having

never been filled. The supposition be-

ing that it was not necessary, but it

was decided to fill the position.

James Kellar, Roger Bourgeois and

Harry Garcia were admitted to mem-

bership in the Post, taking the ob-

ligation at this meeting.

On July 3rd, our next meeting will

be a "banquet" taking place at

the Woodmen Hotel, followed by a

supper. We are to have a mem-

bership drive to secure additional

members and they will be installed as

such at this meeting. The committee

in charge of this affair are Herbert

Laundon, Hamilton Morey, Bryan Gra-

ham, under Chairman Simon La-

Engman. Needless to say we expect

a great time.

To the ladies who served as cap-

tains in the different wards and their

assistants, who worked so zealously

in the sale of poppies, we wish to

tend a hearty vote of thanks. Their

noble efforts were appreciated, and

we owe the success of this sale to

them. The sale netted the return of

\$67.79 clear of expense.

Considering the fact that our Post

has only been organized since March,

and the many matters we have had

to attend to, we are proud of our

rapid growth, and success seems to

be at every endeavor.

We again extend our sincere suc-

cess in our picture, "Skin Deep," and

have heard only commendation and

pleasure expressed on every side of

the picture, it holding the interest of

one from beginning to end. The proceeds

of this very good, after meeting

all expenses connected with it, we

realized the sum of \$50.30. We are

indebted to the Misses Ames and

Mrs. Gaspard for their liberal contribu-

tion toward same, and to the public in

general for their co-operation and

general attendance.

The graves decoration committee

also wish to thank the public for the

liberal amount of beautiful flowers

received to decorate the graves of our

MEETING OF STATE OYSTER COMMISSION

Session Held at Gulfport Monday
Morning—Oyster Shippers Re-
fused Lease of Oyster Grounds—
Resolution of Respect Adopted.

Regular monthly meeting of Mis-

issippi State Oyster Commission was

held at Gulfport Monday, all mem-

bers present except one, and matters

of importance were discussed and dis-

posed of during the session.

The petition of O. B. Bros. & Co.,

claiming lease of the oyster rights

upon the barge grounds adjoining

Biloxi, was refused by the commis-

sion. These oyster shippers have held

lease upon the grounds for a number

of years. All bills were allowed, in-

cluding those for the planting of

shells upon the various reefs by the

commission. It was decided that the

Mississippi Oyster Commission meet

with members of the fish, game and

seafood recess committee from the

Alabama Legislature, with Conserva-

tion Commissioner L. T. Quinn, on his

arrival at Gulfport, at which time the

Alabama will confer with packers

of Gulfport relative to matters of in-

terest pertaining to the oyster indus-

try of both States. Resolutions of

respect were adopted to the memory

of the late Chas. L. Rushing, former-

ly attorney for the commission, and

Captain John L. Caillavet, former

district inspector, both of whom died

during the past month.
